EDUCATIONAL PARTNERSHIPS for transferring technologies to partner institutions to widen the reach of innovations.

VISION
We are the preferred education solutions provider in Southeast Asia and beyond.

MISSION
To facilitate teaching and learning through innovative and technology-based research and training solutions in order to fully develop the potentials of the peoples in Southeast Asia.

INNOTECH, the Regional Center for Educational Innovation and Technology, is one of the 20 regional specialist institutions of the Southeast Asian Ministers of Education Organization (SEAMEO). It identifies common and unique education problems and needs of Southeast Asian countries and develops innovative and technology-based solutions to address these concerns. The Center aids in educational development through training and human resource development, research and evaluation, information dissemination, and other special programs addressing the education priorities of the region.
