OUR VISION
A better future for every learner in Southeast Asia

OUR MISSION
SEAMEO INNOTECH provides innovative and technology-oriented learning services and research-based solutions to enable the education community in Southeast Asia to effectively respond to current and emerging needs and concerns

OUR STRATEGIC GOALS

- Regional relevance and leadership. Center programs, products, and services address the educational needs of its clients and learning communities in Southeast Asia, and continue to uphold its image as the leading solutions provider and thought leader in the field of education in the Region.

- Regional reach, client focus and visibility. The Center’s presence and reach in the region are expanded or deepened through strategic partnerships and provision of quality solutions, products, and services in accordance with international standards.

- Adaptive and responsive resource base. Adequate resources and a conducive enabling environment are provided to support learning and innovative solutions development, as well as to ensure sustainable Center operations and functions.
